Kitchen Cabinets

Do you want to replace your old kitchen cabinets? Plus Kitchen Design supplies high-quality kitchen cabinets professionally installed.

**YOUR KITCHEN.
YOUR STYLE.
YOUR WAY.**

We believe the kitchen is the **heart and soul** of every household. It is where family and friends gather and where memories are made. Plus Kitchen Design strives to deliver the **quality products** you demand with a process that will effortlessly guide you through your kitchen remodeling project!

Embarking on a kitchen remodeling project on your own can be a daunting task. That is why Plus Kitchen Design has developed **The Pleasant Remodeling Experience**. Our professional designers will work to help incorporate your ideas, wants, and style into your new **dream kitchen**. They will work to get the job done **on time, on budget** and with **little disruption** to your family life.

Your choice of cabinetry makes a personality-defining statement in your home. Selecting the right cabinets is an important first step because your cabinets should be just as **functional on the inside** as it is **beautiful on the outside**. Cabinets should withstand the demands of daily use and maintain their integrity throughout their lifetime. That's why we paid attention to all the **details from start to finish**.

Quality comes first at Plus Kitchen Design. Every detail is carefully considered to ensure our cabinets not only meet our **high-quality standards**, but yours as well. Our commitment to quality combined with our **on-trend finishes**, door styles and product depth and breadth are what make Plus Kitchen Design the perfect choice for your project!

Ready to put your design plan in motion? Get in touch with a Plus Kitchen Design at **info@pluskitchendesign.com** or call **239.292.2206**.

Let us give you a **FREE ESTIMATE** today!

OUR COLLECTIONS

TRADITIONAL STYLE - ELEGANT. POLISHED. STORIED.

A timeless, classic taste and at the same time meets the highest demands in technology and function. Some of the best things in life are rooted in the classics. Doors that feel substantial. Carefully crafted details that bring a sense of comfort and warmth. Finishes that evoke soulfulness. A Kitchen with traditional elements feels inviting and ready to entertain - while keeping you organized.

CABINET CARE & CLEANING

- In order to maintain and protect the original beauty of the cabinets, clean at least once a month by gently wiping the surface of the cabinets with a soft, clean, damp cloth. Allow the cabinets to air dry.
- Do NOT use kitchen cloths or sponges that have abrasive surfaces, detergent or grease on them.
- Use common dishwashing liquids (not detergents) to remove grease or soil. Wipe clean with a damp cloth. Dry the cabinet thoroughly.
- Under routine kitchen use, the cabinets around the sink, range, oven, baseboards and dishwasher may become damp with splashes from water or spills. It's important to immediately dry the excess moisture to prevent damage to the finish of the cabinetry.
- Never use cleaners containing bleach, ammonia or abrasives on your cabinetry. These substances will damage the cabinet finish.
- Touch up scratches and dings on cabinetry with a touch-up marker.
- In the event that scratches and dings are still visible after using a touch-up marker, use a filler pencil. Fill in the scratch by rubbing the pencil over the scratched area and wiping away the excess with a soft, clean cloth.
- Do NOT use sandpaper or any other type of abrasive paper or material in attempt to even out a scratch. These abrasives will damage the finish on the cabinet.
